

## Vintners Blend Chardonnay

---

There's a long-running feud between Chardonnay fanatics. On one side are Europhiles who relish crisp, Clean mineral/fruit character; on the other are California loyalists who long for lush layers of butter and vanilla. Into the fray steps our unifying peacemaker. Drawing on a wide variety of geographic styles, fermented partly in barrels and partly in stainless steel, Vintners Blend Chardonnay blends bright, mouth-watering apple-lemon-and-melon flavors with a spicy touch of oak and fleshy note of butter. Lively and refreshing on both entry and exit, it could be all things to all Chardonnay-loving people.
